PROGRAMME OUTCOMES (POs)

Programme Outcomes are narrower statements that describe what students are expected to know and be able to do upon the graduation. These relate to the skills, knowledge and behaviour that students acquire in their study through the programme.

PO1: Disciplinary knowledge

Acquire comprehensive knowledge related to their academic disciplines that form a part of an undergraduate programme of study.

PO2: Critical thinking, Problem solving and Analytical reasoning

Develop students' ability of critical observation and capacity to apply their competencies and skills to identify, evaluate, analyze and solve problems related to business aspects.

PO3: Scientific reasoning and Research related skills

Ability to analyze, draw conclusions from qualitative/quantitative data and critically evaluate ideas and also acquire necessary research skills to carry out an investigation.

PO4: Communication skills and Digital literacy

Communicate effectively, write reports and documentations and make use of ICT skills to disseminate knowledge.

PO5: Ethics, Values and Multicultural competence

Embrace moral and ethical values and apply it with a sense of responsibility in the workplace and community and acquire knowledge on multiple cultures and practice tolerance and respect differences.

PO6: Team Work, Leadership and Employability skills

Work effectively in groups with enhanced inter-personal skills and exhibit qualities associated with leadership to build a team and achieve the vision and show proficiency in professional, employability and soft skills required for placements and higher education.

PO7: Self-directed and Life-long learning

Recognize the need and have the ability to engage in independent learning and be self-motivated and acquire knowledge and skills to attain personal development needed in work place/society through self-paced and self-directed learning.
